EDITOR'S *note*

SUMMER ESCAPE!

It seems like only a mere month ago, we were buried under three feet of snow. Now Spring has sprung and Summer is barreling down upon us like a rogue comet. And that means that folks will be taking vacations... or just taking it easy during the best three months of the year. And whether you'll be spending your time on a beach, or in the air-conditioned comfort of your home or vacation bungalow, summer vacation usually means summer reading.

So, in this month's issue of ***PREVIEWS*** we're honoring the amazingly diverse worlds of graphic Sci-Fi and Fantasy as your #1 choice for the perfect add-on for your "Summer Escape"!

This issue, like every issue, is jam-packed with a host of titles to fit every taste, but this month we're calling out titles in the SF and Fantasy genres as your destination for summer reading. Just look for this special icon throughout the issue for an abundance of great titles.

SCI-FI FANTASY

Your "Summer Escape" can begin with any of these titles... the prequel to Robert Rodriguez's **Predators** (from Dark Horse, pg. 26), **Jurassic Park: Redemption #1** (from IDW, pg. 140), **Paolo Parente's Dust Wars #1** (from Image, pg. 176), **The Stand: Hardcases #1** (from Marvel), the landmark **Red Sonja #50** (from Dynamite, pg. 269), **Robert E. Howard's Hawks of Outremer #1** (from BOOM!, pg. 250), **Warren Ellis' Freak Angels TP** (from Avatar, pg. 235), **Grimm Fairy Tales #50** (from Zenesope, pg. 332), **Critical Millennium #1** (from Archaia, pg. 224), and so many, many more!

So wherever you intend to spend your Summer this year, be sure to chart a course to different worlds with ***PREVIEWS*** as your navigator!

See you back here in 30 or so...

Your Pal @ ***PREVIEWS***,

Marty

This month's featured creator is...

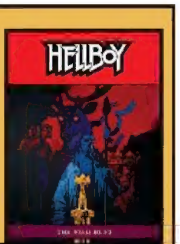
DAVID PETERSEN

David Petersen was born and raised in Flint, Michigan. He started drawing as soon as he could hold a pencil, and throughout high school and college he worked with friends to create their own comic book characters and stories. After high school, David attended Mott Community College in Flint and then transferred to Eastern where he got his degree in Fine Art with a concentration in Printmaking.

While working on a portfolio of samples to send off for children's book illustration, David's *Mouse Guard* comic idea got some attention at a local convention. After self-publishing the first issue in 2005, he met with Mark Smylie of Archaia at San Diego Comic Con and was picked up by the publisher. Two volumes of *Mouse Guard* have been released along with a Role Playing Game. In 2007, he won the Russ Manning Award for "Most Promising Newcomer." The comic series has won two Eisner awards in 2008 and the Role Playing Game numerous gaming awards since its release.

David continues to make Michigan his home where he lives with his wife, Julia, and their dog, Autumn. He's very happy to be working on a series he loves for fans who seem to love it just as much. Later this year he will introduce the next chapter in the *Mouse Guard* series: *The Black Axe*.

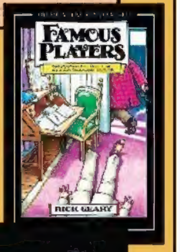
David Petersen: what are you reading?



HELLBOY: THE WILD HUNT (Dark Horse Comics)
Hellboy is my favorite comic of all time. When Mike Mignola placed the art duties in the hands of Duncan Fregredo, I was skeptical at first (no one draws Hellboy like Mignola), but the two series Duncan has under his belt has washed away my fears. The *Wild Hunt* is one of the best Hellboy stories of all time. It had me flipping pages rapidly and feeling like each issue hooked me with a feeling of anticipation for the next chapter. (Trade Paperback; NOV090045)

Cursed Pirate Girl

CURSED PIRATE GIRL (Olympian Publishing)
I am a huge fan of Jeremy Bastian's amazingly detailed artwork. *Cursed Pirate Girl* is both Jeremy's debut book as well as what I'm sure will be his opus. It's a charming book that looks as though it were dug out of some old chest at an antique shop and features a little pirate girl searching for her father in a nautical fairy tale. Jeremy combines a classic sensibility to the story and artwork, but also throws it on its ear with oddities and elements that are clearly his own and blend well with the antiquity. (Issues 1-3 out now)



FAMOUS PLAYERS (NBM Publishing)
Rick Geary is one of those comic creators that I love because I can recommend his work to nearly anyone. His book collections feature famous real-life murders of the 19th and 20th centuries. He researches the cases as well as the historic time periods, locations, dress and customs. His unbiased narratives are as educational as they are entertaining. His latest, *Famous Players*, revolves around the case of a murdered director in early Hollywood. (Softcover; OCT091031)

GUY DAVIS
THE MARQUIS
INFERNO

MARQUIS: INFERNO (Dark Horse Comics)
Guy Davis created a world that feels familiar enough to make us believe it exists but with just enough of the wickedly supernatural to prove that it does not. The Marquis is beautifully illustrated by Guy in mood-evoking black and white with colored portions for specific scenes requiring dramatic effect. The Marquis is an awesome man vs. monster book, but also has a very strong thread of political intrigue and brings up questions about religion and faith. Dark Horse recently reprinted all of the Marquis stories to-date in a single volume called *Inferno*. (Trade Paperback; MAY090050)

NEW TEAM AND NEW ADVENTURES FOR THE NEW AVENGERS!

Like the first rays of light that shatter the darkness at the start of a new day, a new age of heroes dawns in the Marvel Universe, banishing Norman Osborn's Dark Reign, breaking his siege, and ending an age of shadows. Last month, *PREVIEWS* told you about the restoration of Marvel's greatest heroic legacy with May's *Avengers* #1 from Brian Michael Bendis and John Romita, Jr. Following in its wake in June, another storied legend is reborn with a new team, new headquarters, new attitude, and all-new adventures in Bendis and Stuart Immonen's *New Avengers* #1, offering the perfect entry point for readers new and old!

In a world where the Avengers are back together, headlined by Iron Man, Captain America, and Thor, what need has the world of the New Avengers? But not every threat the world faces can be solved in the same way. Different problems require different tools, and when the need arises for a team that can get their hands dirty, there is a need for the New Avengers. When a demonic threat from beyond our reality threatens the world, the New Avengers come together and a legend is reborn. With a line-up of Luke Cage, Jessica "Jewel" Jones, Wolverine, Spider-Man, the Thing, and a refugee from Osborn's Dark Avengers team, the New Avengers are prepared to handle the dark, the dangerous, and the outré.

Bendis and Immonen, joined by colorist Laura Martin, follow up their work on *Ultimate Spider-Man* by reteaming on one of comic's legendary teams, plus Bendis continues his history of the Avengers with a new chapter of his ongoing oral history of the team. A new age of heroes dawns in the Marvel Universe spring, and Bendis and Immonen's *New Avengers* will be at the forefront of the heroic revival this June as the first issue arrives in comic shops everywhere!

The zombie apocalypse. There's something in the cultural zeitgeist today, because everywhere you turn, it's zombies. Never the most attractive of monsters — mindless, decaying, reanimated corpses — zombies are taking over pop culture, from novels like Max Brooks' *World War Z* to literary pasticherie like *Pride and Prejudice and Zombies* to video games and movies to comics. With all this activity, one project stands out above all others as the gold standard — the 1968 film classic, *Night of the Living Dead*. This summer, the eight-issue comics prequel to the film, co-written by the film's screenwriter John Russo, is at last collected by Avatar Press! Russo, co-writer Mike Wolfer (*Gravel*), and artist Jacen Burrows reveal the shocking events that caused the dead to rise and civilization to teeter in the balance. Look for Avatar's *Night of the Living Dead*, available in both softcover and autographed hardcover editions, this summer and witness the dawn of zombiedammerung!

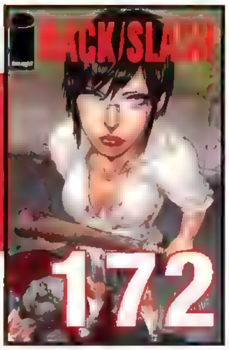
TIM SEELEY'S *HACK/SLASH* COMES TO IMAGE

☐ IMAGE COMICS, $3.99, 32 Pages, Page 172
☐ Look for the Hack/Slash omnibuses on page 173 for more monster-hunting mayhem!



Tim Seeley turned slasher movies on their ear with his series Hack/Slash. The story of a girl named Cassie, the survivor of a slasher attack, she traveled the country and used her slasher skills against the monsters who she hunted. Long a staple of Devil's Due Publishing, the series comes to Image Comics in June with *Hack/Slash: My First Maniac*, a prequel to the series!

The Lunch Lady, a reanimated murderer, met her end at the hand of her daughter — Cassie Hack. Wracked by guilt, her life destroyed, Cassie has to decide on the path her life will take. Will she meekly try and live a normal life, or can she put her monster-killing skills to use to save other teenagers from fates worse than death? This prequel series from Seeley and artist Daniel Leister shows how Cassie became the monster hunter that she is today in a story perfect for new fans or old!

THE PREDATORS ARE ON THE HUNT IN DARK HORSE'S NEW SERIES

One of 20th Century Fox's classic sci-fi/action franchises returns to theaters this summer as director Robert Rodriguez, the man behind *Spy Kids* and *Sin City*, brings back the alien hunters, the Predators, for an all-new adventure that pits man against alien in *Predators*. But before the film unspools in your local cineplex, get the backstory with Dark Horse Comics' four-part Predators mini-series that serves as a prequel to the eagerly-anticipated film!

Shipping weekly, the four-part mini-series will introduce readers to a Navy SEAL team, trapped in a firefight in a foreign land, who find themselves drawn into a conflict with an inhuman enemy. Worse, they appear to be trapped on an alien planet with no way home. One by one, they are hunted down and killed, and as the situation grows desperate, secrets are revealed and the survivors must find a way to make a stand against the alien hunters.

Predators, written by Marc Andreyko and David Lapham, with artwork by Guilherme Balbi, Gabriel Guzman, Jose Verissimo, and Mariano Taibo, will lead into Rodriguez's film, with Dark Horse Comics providing a movie adaptation and a sequel series to the film in July!

Humanoids, one of Europe's leading comics publishers, has released ground-breaking science-fiction and terrifying horror over the years, and now their acclaimed storytelling comes to American audiences this summer, with *Whispers in the Walls* leading the way. In post-World War II Czechoslovakia, a children's hospital harbors a terrifying secret, and a young girl named Sarah must uncover the truth of the hospital — and her parents' death.

EUROPEAN PUBLISHER HUMANOIDS COMES TO AMERICAN SHORES

Mumm-Ra! His very name suggests evil, and the decrepit sorcerer long bedeviled the Thundercats in the classic 1980s animated series. Now you can let the personification of villainy into your collection with Hard Hero's Thundercats Mumm-Ra Statue. Made of polyresin and standing 18" tall, complete with Ma-Mutt and his sarcophagus, this sorcerer will cast his baleful evil upon you!

THE THUNDERCATS' FOE WILL CAST HIS EVIL SPELL UPON YOU

Square-Enix's long-awaited *Final Fantasy XIII* shattered sales records in March when it released for the Xbox 360 and PlayStation 3. Just as revolutionary as the gameplay was the Hamauzu Masashi's lush orchestral score for the game, and fans of the series and soundtrack collectors will want to add the 4-disc *Final Fantasy XIII Original Soundtrack Set* to their libraries this summer!

IMMERSE YOURSELF IN THE MUSIC OF *FINAL FANTASY*

ENTER WORLDS BEYOND IMAGINING THIS MONTH THANKS TO *PREVIEWS*

Science-fiction and fantasy literature are among the most popular literary genres today. The terms themselves encompass so much, from space exploration like *Star Trek* to human evolution and transcendence like Charlie Stross' *Singularity Sky* to sword and sorcery like Robert E. Howard's Conan or Fritz Leiber's Fafhrd and the Gray Mouser to medieval politics and dynastic struggles like George R.R. Martin's *A Song of Ice and Fire*. Look at the list of the top-grossing films of all time, and leading the way are movies such as *Avatar* (science-fiction) and *The Lord of the Rings: The Return of the King* (fantasy), and television series like HBO's upcoming A Song of Ice and Fire or Fox's Fringe or ABC's Lost garner critical plaudits and enthusiastic audiences.

SCI-FI FANTASY

This month, *PREVIEWS* puts the spotlight on science-fiction and fantasy comics. Throughout the catalog, look for the Sci-Fi logo and discover new worlds to explore and quests to embark upon. Books like Amaze Ink/Slave Labor Graphics' *Tron: Ghost in the Machine*, Radical's *Shrapnel: Hubris*, Rebellion's *Leviathan*, Boom! Studios' *Do Androids Dream of Electric Sheep?*, Red 5 Studio's *Atomic Robo*, and many others will take you on journeys beyond imagination through the visions of some of science-fiction and fantasy's greatest writers and artists.

DIAMOND SELECT'S UNIVERSAL MONSTERS 368

Universal Studios set the gold standard in film horror — *Dracula*, *Frankenstein*, *The Wolfman*, and dozens more — and the monsters that terrorized audiences are acclaimed and remembered to this day. Diamond Select Toys began their line of Universal Monsters Select figures last month with the *Creature from the Black Lagoon*; this month, the legendary Egyptian Pharaoh Imhotep from *The Mummy* becomes the second figure in the Universal Monsters line-up, sculpted by Jean St. Jean and Rudy Garcia, standing 7" tall, and complete with his sarcophagus! That's not all, however; Diamond Select launches a line of *Universal Monsters Minimates* in this month's *PREVIEWS* as well with *Creature from the Black Lagoon* and *The Wolfman* sets, transforming Gill-Man or Larry Talbot into monsters to menace your Minimates collection! Monsters are on the march this summer thanks to Diamond Select Toys!

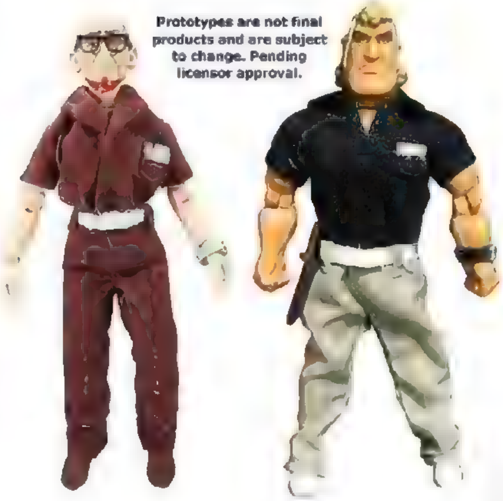
EXPLORE THE WORLD WITH THE VENTURE BROS. FIGURES 372

Christopher McCulloch's hit [adult swim] series, *The Venture Bros.*, has been entertaining millions with its whip-smart deadpan parody of the cartoon style of Jonny Quest and the breathless pace of the adventure serial. Dr. "Rusty" Venture, his dimbulb teenage sons Hank and Dean, and secret agent Brock Samson confront some of the greatest threats the world has ever seen as they seek to defeat the mysterious Monarch. Fans of this offbeat cartoon classic will want to pick up Bif Bang Pow!'s first season of *The Venture Bros. Action Figures* as Dr. Venture and Brock Samson are recreated as 8" tall fully articulated figures, enabling them to mount their own super-science adventures!



Prototypes are not final products and are subject to change. Pending licensor approval.

372 THE VENTURE BROS. FIGURES

WAR MACHINE IS ON THE ATTACK WITH BOWEN'S NEW STATUE 394

Test pilot, aide, friend — James "Rhodey" Rhodes has been all of these to his employer, billionaire industrialist Tony Stark. Rhodey may be best known, however, as War Machine, the armored and heavily armed ally of Stark's heroic persona, Iron Man! Wearing a custom black-and-gray armor, outfitted with gatling guns and rocket launchers, War Machine is formidable in a firefight. Bowen Designs sculpts Rhodey's armor as the 13" tall *Iron Man: War Machine Statue* which brings this hero to dynamic life!

397 DESTINY AWAITS LUKE SKYWALKER WITH GENTLE GIANT'S NEW MINI-BUST

In the wild deserts of Tatooine, moisture farmers make a subsistence living on hard scrabble land far from Imperial oversight. One such farmer is Owen Lars, and his nephew, Luke Skywalker, works as a farmhand on Lars' tract of desert. Though Luke's destiny will take him far from Tatooine as he becomes the greatest Jedi Knight in history, Gentle Giant captures Luke's likeness from that more innocent time with the 6" tall *Star Wars: "Farmboy" Luke Skywalker Mini-Bust*. Made of polystone and hand-numbered, this mini-bust will recall in fans the swell of John Williams' score as Tatooine's twin suns set and Luke reflects upon the galaxy of possibilities.

408 LET MEDICOM TAKE YOU INTO THE MAGICAL WORLD OF BIKINI BOTTOM

Who wouldn't like to be under the sea? Now you can, as Medicom brings collectors Kubricks and Be@rbricks of the beloved Spongebob Squarepants! Spongebob gets the Be@rbrick treatment with 2 supersized figures — the *1000% Spongebob Squarepants Be@rbrick* stands almost 2 feet tall, while his smaller cousin, the *400% Spongebob Be@rbrick*, stands 8" tall, and both feature the ursine stylings of Medicom's Be@rbrick figures. For collectors wanting something more conventional, they can sing and dance around with the *Spongebob/Patrick Kubrick 2-Pack* which presents these aquatic acquaintances in the 2" tall Kubrick style. Set sail for adventure in Bikini Bottom this summer thanks to Medicom!

430 THE WORLD OF WATCHMEN COMES TO HEROCLIX WITH A SPECIAL BOXED SET

Alan Moore and Dave Gibbons broke new ground in their seminal graphic novel *Watchmen* by positing a world where superheroes were real and they suffered the same hopes, fears, and failings as anyone else. Brought to the screen last year by director Zach Snyder, the heroes and villains of Watchmen are now available to join your gaming sessions with the *Watchmen HeroClix Collector's Box Set*. This set of 25 detailed miniatures, based on the characters' costumes from the film, will give fans of the graphic novel a unique collectible and gamers the opportunity to add the world of *Watchmen* to their HeroClix campaign.

Things go spectacularly wrong (as expected) when Urd's and Skuld's rival schemes to help Megumi through a bad memory end up not only making her forget who she is, but making Keiichi and the goddesses forget who *they* are! Dexter Morgan, Miami Metro Police Department blood-spatter analyst, has a double life. When he's not helping the homicide division solve murders, he spends his time hunting and killing bad guys who slip through the justice system.

In bringing the character, brilliantly portrayed by Michael C. Hall, into a sculpture, we wanted to capture both "sides" of everyone's favorite serial killer. With Dexter in his signature henley-style shirt, in front he is examining a blood-spatter slide, but danger lurks hidden behind his back.

The likeness is spot on, and we couldn't be more excited to make what we feel is the ultimate Dexter collectible.

It is no secret that Dark Horse has been having a longtime love affair with pinup icon Bettie Page. She's been a big part of our lives, and we are happy to share her with you.

If there is anyone for whom Bettie Page was an equally important figure, it might be the late comics and glamour-art great Dave Stevens. Dave's depiction of Bettie spearheaded the revival of interest in Bettie Page.

For this new piece we sculpt one of Dave's best pieces of Bettie art into a statue.

Sculpted by Kent Melton, a longtime friend and collaborator of Dave Stevens.

One of our best-received Syroco-style statuette series ever has been of the characters from Carl Barks’s *Uncle Scrooge* stories.

We are going forward with a new series, based on specific cover images by Barks, and our second statue is inspired by one of the most famous stories, “Lost in the Andes,” which originally appeared in *Four Color Comics* #223, published in April 1949. This is one of the best-loved stories in the entire Ducks canon.

The Uncle Scrooge series depicts the characters as they were originally presented in the comics. Sculpted by Yoe! Studio.

SNOOPY

Welcome to what promises to be a yearlong celebration of Charles Schulz's masterpiece, *Peanuts*! *Peanuts* premiered on October 2, 1950, in eight newspapers. As we all know, it grew to become probably the most popular comic strip ever.

In an unprecedented move, United Media is letting us go back to the original look of the characters from 1950, which was considerably different than today's look, and sculpt statues in a special sixtieth anniversary limited-edition series of the five main characters. Sculpted by Yoe! Studio. Snoopy is a rare opportunity to secure a genuine collector's item.

MYSPACE DARK HORSE PRESENTS #33

Jaime Hernandez (W/A), Simon Spurrier (A), Mark Crilley (W/A), Larry Marder (W/A), and Christopher Mitten (A)

No April Fools' here—this month *MySpace Dark Horse Presents* leads with a new story from *Love and Rockets* co-creator Jaime Hernandez! A perfect complement to his recent *Ti-Girls* serial, Hernandez delivers "Las Primas Controla," a romp featuring three Mexican cousins training (or trying) to break into the superhero world. Get ready for plenty of colorful costumes, crazy monsters, and, yes, bingo!

Writer Simon Spurrier (*Silver Surfer: In Thy Name*) and artist Christopher Mitten (*Wasteland*) present "In Fetu," a creepy tale of guilt in the vein of Edgar Allan Poe, but with their own twist. Mark Crilley (*Akiko*) returns with more supernatural adventure and thrills, in the final installment of his four-part lead-in to the *Brody's Ghost* graphic-novel series. Larry Marder rounds out the month with a two-page *Beanworld* story called "First Steps," sure to provide a major gosh-wow moment for those fans waiting to see "Something More." This April, skip the joy buzzers and the toothpaste in the Oreos, and head straight for *MDHP*!

MySpace Dark Horse Presents is a free online anthology that provides fresh content the first Wednesday of every month, with stories archived so that it's never too late to join in and catch up. To find out more, check out myspace.com/darkhorsepresents.

"DARK RAIN has the twists of *The Treasure Of the Sierra Madre*, the political punch of *When The Levees Broke* and the character interplay of *The Defiant Ones*." – Reginald Hudlin, writer of *Black Panther*, director of *Boomerang*

From Mat Johnson, writer of the acclaimed INCOGNEGRO, comes a graphic novel thriller set in the days after Hurricane Katrina. As they journey through a tide of human suffering, Dabny wants to help, and Emmit sees only the money. But a rogue commander of the ruthless security force "Dark Rain" has his sights set on taking down the same bank. If Emmit and Dabny don't outrace him, their last hope for a second chance could be washed away in the floodwaters – along with their lives.

Writer Matt Wagner redefines the way we think about the five senses in "Extra Sensory," a 6-issue storyline featuring different interior art each issue by some of today's most talented female comics artists and covers by Mark Buckingham (FABLES)!

Acclaimed newcomer Marley Zarcone (*Forgetless*) kicks things off in New York City, 1963. While riding on the subway, a young woman from Harlem begins seeing brutally horrific metamorphoses right in front of her eyes. Can a visit to Madame Xanadu's Lower East Side storefront help stop these strange, prophetic visions before her she stares death in the face?

Other evocative artists joining this arc include Laurenn McCubbin (*Rent Girl*), Chrissie Zullo (CINDERELLA: FROM FABLETOWN WITH LOVE), Celia Calle (AMERICAN VIRGIN) and Marian Churchland (*The Beast*). Amy Reeder and Richard Friend reunite on the final issue of the arc, which focuses on Madame Xanadu's "extra" sense – her clairvoyance.

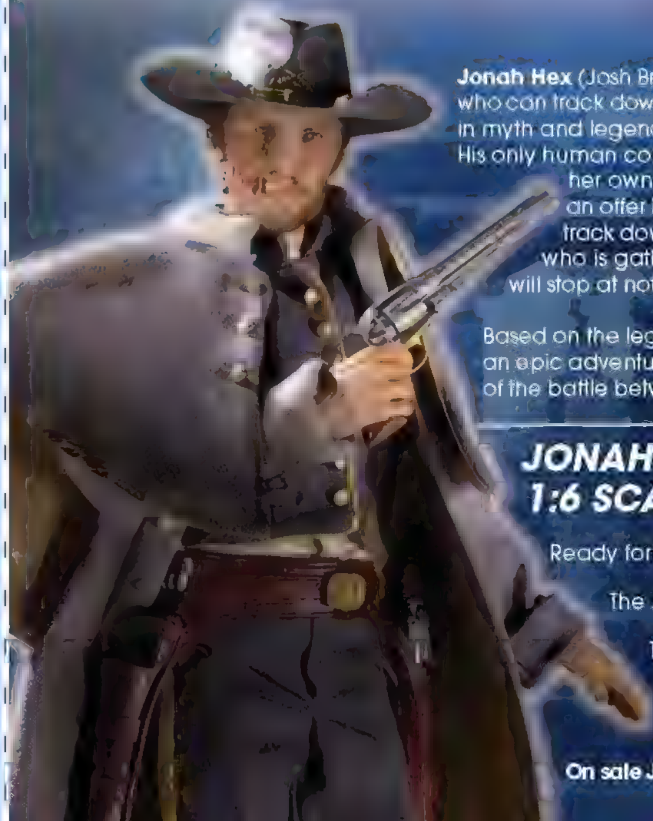
JONAH HEX™



Jonah Hex (Josh Brolin) is a scarred drifter and bounty hunter of last resort, a tough and stoic gunslinger who can track down anyone...and anything. Having survived death, Jonah's violent history is steeped in myth and legend, and has left him with one foot in the natural world and one on the "other side." His only human connection is with **Leila** (Megan Fox), whose life in a brothel has left her with scars of her own. But Jonah's past is about to catch up with him when the U.S. military makes him an offer he can't refuse: in exchange for his freedom from the warrants on his head, he must track down and stop the dangerous terrorist **Quentin Turnbull** (John Malkovich). THE LAST
ZOMBIE
DEAD NEW WORLD

BRIAN KEENE INTERVIEW:

Brian Keene is the author of over twenty books, including Dead Sea, A Gathering of Crows, Darkness on the Edge of Town, Urban Gothic, Castaways, Kill Whitey, Ghost Walk, Dark Hollow, Ghoul and many more. His 2002 debut novel, The Rising, is seen by many as one of the seminal influences on the current pop culture zombie craze (along with Danny Boyle's 28 Days Later and Image's The Walking Dead). Keene also writes comic books such as Marvel's Dead of Night: Devil Slayer.

A two-time winner of the Bram Stoker Award, Keene's work has been translated into German, Spanish, Polish, French and Taiwanese. Several of his novels and stories have been optioned for film, one of which, The Ties That Bind, premiered on DVD in 2009 as a critically-acclaimed independent short. Keene's work has been praised in such diverse places as The New York Times, The History Channel, The Howard Stern Show, CNN.com, Publisher's Weekly, Fangoria Magazine, and Rue Morgue Magazine.

This summer, Keene returns to comics again with a new ongoing, post-apocalyptic zombie series for Antarctic Press called The Last Zombie.

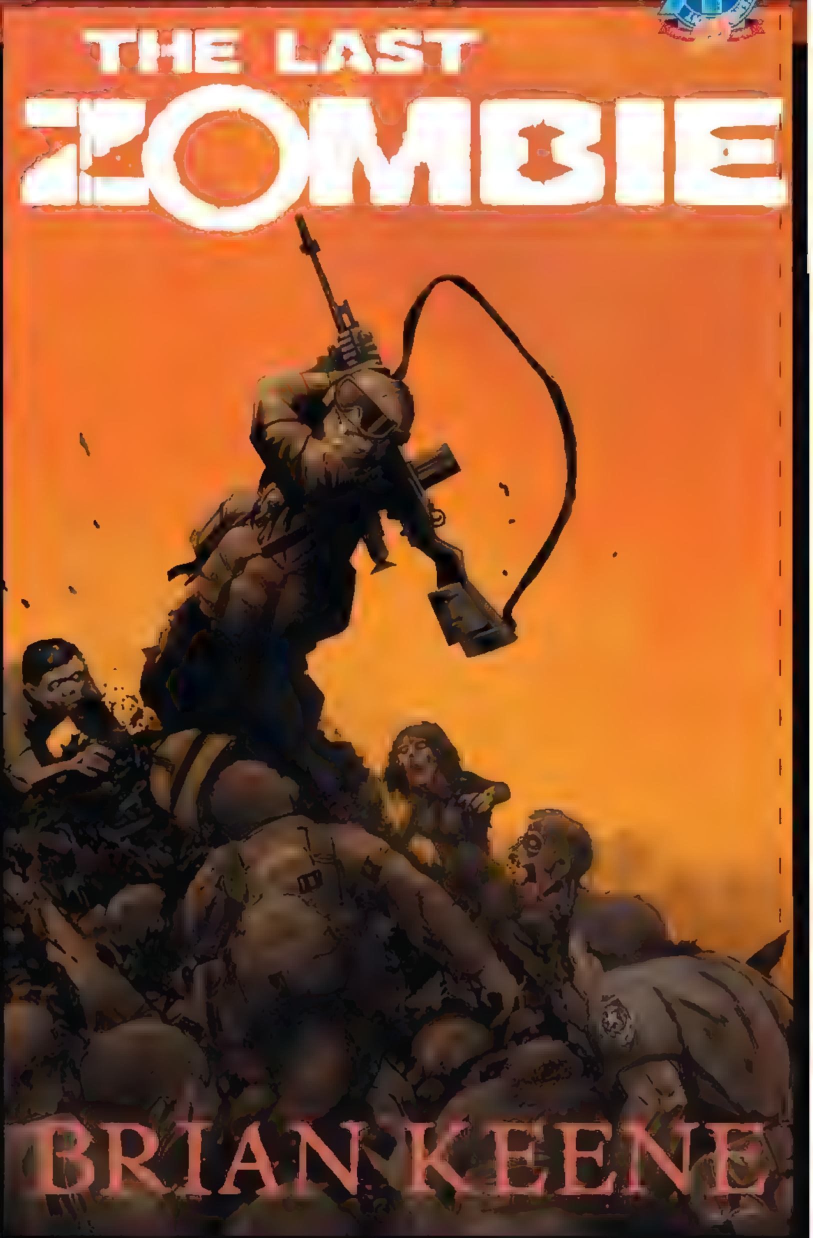
Q: How did the project come about?

A: Since the publication several years ago of my third zombie novel, Dead Sea, readers kept asking if I'd write a fourth—a big, thick, epic of a book. I had an idea in mind, but it seemed too long for a novel. Indeed, were The Last Zombie to be published as a novel, it would be well over 1,000 pages.

It seemed better suited for comics, as part of an on-going series with a definitive story-arc—something that would stretch out over fifty issues or so. When Antarctic Press asked me to write a horror or post-apocalyptic comic for them, this story seemed like the perfect match.

Q: What was your inspiration?

A: To try something different with zombies. I mean, lets face it—zombies have been done to death at this point (pun intended). It would be really hard to top Robert Kirkman's excellent The Walking Dead or David Wellington's wonderful trilogy of zombie novels. Both have taken the zombie sub-genre to new, original heights. The challenge is to come up with something that wouldn't seem derivative of them.
The one scenario that hasn't been examined yet (at least to my knowledge) is what happens after the zombie apocalypse. Zombies are walking corpses, right? Sooner or later, those corpses are going to rot away to nothing. What happens then? How does civilization begin to rebuild? I thought that might present some new storytelling opportunities, and that's the setting of The Last Zombie.



Q: So is there any special significance in the title, The Last Zombie?

A: Sure. But if I tell you what it is, I'd be giving you a major spoiler. Hell, the title itself is a major spoiler (although one that will become apparent after the second or third issue).

Q: What direction are you aiming for?

A: Dawn of the Dead and 28 Days Later meets Damnation Alley and Y: The Last Man in the world of Mad Max. That's the pitch. Like my novels, I hope to entertain readers, first and foremost. Give them solid, believable characters, a good storyline, and some (hopefully) genuine scares.

FVZA: FEDERAL VAMPIRE AND ZOMBIE AGENCY TP

Radical Comics

Based on the historical-fiction website. FVZA.org, the *Federal Vampire and Zombie Agency* takes readers into an alternate world infested with zombies and vampires which pose a constant threat to the human race. In our modern time, the fear of zombie and vampire infection is almost entirely gone since the human race, thanks to the FVZA government agency, has managed to drive the infected into extinction. The FVZA organization is long since defunct and the public is secure in the belief that these infections are nothing but tales of history, but members of the infected still exist, setting in motion a plan to rise again. Without a force like FVZA to stop the infection once again, the human race may not stand a chance.

Sure we've all seen stories about vampires and zombies but when was the last time you saw a story about both vampires and zombies at the same time? Most of these sci-fi tales seem dangerous enough as the human race struggles to survive but now it's twice the danger and, of course, twice the blood shed. *FVZA* is yet another imaginative tale from Radical's modus operandi to bring original, outside-the-box stories to the comic medium.

FREAKANGELS

VOLUME FOUR

Volume Four of award-winning author Warren Ellis' ongoing web comic, FREAKANGELS, is here! This installment collects the entire fourth arc of the post-apocalyptic saga into 144 gorgeous, full-color pages. Twenty-three years ago, twelve strange children were born in England at exactly the same moment. Six years ago, the world ended. Today, eleven strange 23-year-olds are living in and defending Whitechapel, maybe the last real settlement in flooded London. They've made a new friend, and together they successfully defended their home from raiders--but the post-apocalyptic drowned London that the eleven Freakangels survive in is never a safe place, and never surrounded by friends. In fact, there's a serial killer stalking in their midst, and one of their own has broken their most valued rule.

In FREAKANGELS: VOLUME FOUR, as the clan faces danger from nearly every direction, it's time to really take a look at what happened six years ago. Back when there were twelve FREAKANGELS. Back when they were all running for their lives. Because a lot of things have changed, but maybe not as many things as they thought... Ellis' ongoing story of a flooded London is beautifully illustrated in jawdropping detail by Paul Duffield, and every page is as much a work of art as it is a compelling and multi-layered story. This fourth collection is also available as a Hardcover edition with an all-new cover by series artist Duffield that is limited to just 2000 copies, and a Dual Signed Hardcover edition, limited to only 1000 copies, signed by both Warren Ellis and Paul Duffield!

About: The ten-issue vampire epic on the bayou from the writer of the A Song of Ice and Fire novels continues in issue four! From the New York Times Best-selling author, George R. R. Martin, comes a tale of vampire clans, death and debauchery, legendary blood masters, and even a few epic steamboat races on the muddy Mississippi. This is Martin's FEVRE DREAM, an antebellum story of power, loss, and the fever of bloodlust. Joshua York has given Abner Marsh more answers than he bargained for... but Marsh has been around a long time, and he knows something still isn't right. For one thing, York's newest guest, well, she ain't no lady. And the whispered accusations of the crew aren't very nice, but they are true: York never goes above deck in the daylight. But maybe Marsh's imagination is just getting the best of him. Surely a simple lunch with York should put all of his fears -- and those of the crew -- to rest, right? Each issue of this stunning full-color epic is illustrated by Rafa Lopez, an artist whose skilled line captures every moonlit drop of blood in delicious detail. Adapted by the Hugo-nominated author Daniel Abraham, this version of FEVRE DREAM stays faithful to Martin's original dark vision, while bringing the torture and joy of his vampires to almost-human life. This haunting series is available with Regular and Wraparound painted covers by Felipe Massafera and a very limited Nightmare retailer incentive.

And the earth-shaking terror has not arrived alone, ushering forth an overwhelming horde of demon warriors striking down all before them in a horrific orgy of blind fury and murder. PRODUCT DESCRIPTION: Nothing is sacred as Crossed returns! The biggest hit horror series of the year returns with an all-new six-issue series written by David (Stray Bullets) Lapham! Set right at the start of the Crossed outbreak, this epic tale of depravity promises to shock and disturb you with even more intensity than the first series! The Pratt family was torn apart by the sudden strike of the infected masses. The survivors think they have found a safe place to start over. A place the Crossed won't find them and can be well defended. But those are only the external threat as evil lurks in the hearts of some men and those terrors aren't as easy to see as a Crossed rash. Imagine, for a moment, the worst crimes against humanity. Picture the cruelest affronts to decency. Conjure your darkest nightmares... and then realize it could all be so much worse. When civilization crumbles in one terrifying moment; when people are gleefully breaking into unthinkable acts of violence all around you; when everyone you love has died screaming in agony: What do you do? There is no help. There is no hope. There is no escape. There are only the Crossed. Crossed: Family Values #2 is available with a Regular and Wraparound cover by Jacen Burrows, a Torture cover by Paul (Freakangels) Duffield, and a special rare Red Crossed retailer incentive.

Harvey Kurtzman
The GRASSHOPPER and the ANT

THE GRASSHOPPER AND THE ANT HC

(W/A) Harvey Kurtzman

Forty years ago, the late comics genius Harvey Kurtzman created a marvelous beatnik take on the ancient Æsop fable that appeared in *Esquire* magazine, where the panels were reproduced small and blurry. The story remained forgotten and unknown, even to most Kurtzman fans, until Denis Kitchen Publishing released this rediscovered gem in a Smythe-sewn hardcover in 2000. Now BOOM! Town, in association with DKP, offers readers a second chance to own this Kurtzman classic. Selected as "One of the Best 100 Graphic Novels" in Steve Weiner's book of the same name, this 10" square hardcover is shrink-wrapped to assure mint condition. Introduction by Denis Kitchen.

POWER OUT GN

(W/A) Nathan Schreiber

Fourteen and friendless, Justin doesn't want to run away from his domineering family he wants them to run away from him. When a massive, extended power out grants him his wish, the quietly introverted teen must learn to survive in a world he's alwats tried to escape. Justin encounters a unique collection of friends and tormentors alike in his seemingly quaint New England suburb, including a brazen young neighbor uninhibited by her inability to speak English, a dead woman who cheerfully haunts his wet dreams, and the eccentric holdouts in a town that has been evacuated by the military. Deliberate, bleak, but suffused with all the inherent humor and humiliation of adolescence, *Power Out* captures the exhilaration and terror of discovering how big the world is for the first time.

Pulping teenage supes is one thing, but how will our heroes fare against Soldier Boy, Mind-Droid, Swatto, the Crimson Countess, and the Nazi juggernaut known as Stormfront? And in the origin tales of Mother's Milk, the Frenchman and the Female, Hughie learns of the strange paths by which this disparate trio came to join The Boys. LUCKY IN LOVE: A POOR MAN'S HISTORY
by George Chieffet & Stephen DeStefano
$19.99 / HC / 120 pgs / PC

Elegantly drawn in a confident, lively, cartoony B&W style that recalls Milt Gross and classic Disney animation and comics, *Lucky in Love* is a unique coming-of-age story that follows its lovable hero Lucky Testatuda from his rascally teen years in Hoboken, New Jersey's Little Italy to his induction into the air force and subsequent wartime experiences. Ultimately the poignant discoveries Lucky makes on his way to adulthood bestow upon him a very different kind of heroism than that of which he had dreamed... The second and concluding volume, Lucky in Love: Lucky for Life will be released in 2013.

SET TO SEA
by Drew Weing
$16.99 / HC / 144 pgs / BW

This is Drew Weing's debut graphic novel, drawn in an elaborate crosshatched style somewhere between Gustave Doré and E. C. Segar. Part rollicking adventure, part maritime ballad; *Set To Sea* chronicles what can happen when an aspiring poet is shanghaied aboard a clipper bound for Hong Kong, and finds the sailor's life a bit rougher than his romantic nautical fantasies. He helps rebuff a pirate assault, survives a gunshot to the eye, and learns to live a Conradian life on the sea, all the while writing poetry about pirates, bad food, unceremonial funerals, foreign ports, and unexpected epiphanies.

TOO SOON? CELEBRITY PORTRAITS
by Drew Friedman
$29.99 / HC / 200 pgs / FC

With this fat, beautiful collection of caricatures, Drew Friedman and the grist for his mill finally get the showcase they deserve. You're sure to recognize Friedman's "Barack Obama as George Washington" *New Yorker* cover as well as his brutal depictions of Britney Spears and her tabloid-filling ilk. Never before (or since) have George W. Bush, Tiny Tim, Barney Fife, Bob Dylan, Sarah Palin, Woody Allen, Oprah Winfrey, Jerry Lewis, Conan O'Brien and many more looked so gorgeously ugly. Friedman also provides commentary on the stories behind the drawings. The cover is a stunning depiction of Michael Jackson. Too soon? Nah!

NORMAN PETTINGILL: BACKWOODS HUMORIST
ed by Gary Groth
intro by R. Crumb
afterword by Johnny Ryan
$39.99 / WOOD COVERS! / 144 pgs / PC

Norman Pettingill was a trapper and fisherman from Northern Wisconsin. In 1947 at the age of 51 he created hundreds of pen-and-ink drawings. By merging his fascination with nature and backwoods culture with his wild sense of humor, he depicted an out-of-control hillbilly wonderland of talking grizzlies, dancing morons, giant mosquitoes, pipe smoking grannies, flying skunk fur, google-eyed drunks, hilarious hunting mishaps and moonshine soaked fishermen! Reminiscent of Al Capp's *Li'l Abner*, Pettingill's hillbilly heaven is made grittier and real by his obsessive penwork and the attention he gives to each teetering outhouse, every overflowing spittoon and each wiry hair growing out of a mountain man's warty face.

Executed in Gipi's stunning watercolor duotones, The Hooligans is a fitting conclusion to the *Wish You Were Here* series, a triptych of misspent youth.

NEW FULL COLOR JASON GN

WEREWOLVES OF MONTPELLIER
by Jason
$12.99 / SC / 48 pgs / FC

Jason returns with a new full-length, full-color graphic novella—his first since the 2008 Eisner Award-winning *The Last Musketeer*. Sven, a somewhat aimless artist has ended up in Montpellier, France thanks to a futile romantic pursuit. He spends his days playing chess and poker, sketching his new home town and coping with his romantic woes. But at night, Sven dresses as a werewolf before raiding other people's homes! Unfortunately for him, he hasn't taken into account the existence of a society of real Montpellier-based werewolves. *Werewolves of Montpellier* is a lycanthropic thriller, a romantic comedy, and an existential drama—basically, your typical Jason book. Beware the full moon!

(W) Jerry Siegel (A) Joe Shuster
Here is a kaleidoscopic analysis of Jewish humor as seen through *Funnyman*, a little-known superheroic invention by the creators of *Superman*, Jerry Siegel and Joe Shuster. Following the completion of their 10-year-long contract with DC writing and drawing their first creation, *Superman*, Siegel and Shuster were determined to create a new superhero; one that would prove that justice, fair-play, and zany craftsmanship were the true "American way", and would lead to their ultimate victory. This book tells the back-story of the unsuccessful strip and Siegel and Shuster's ambition to have their funny Jewish superhero trump the Man of Steel. Included are complete comic-book stories and daily and Sunday newspaper panels from this lost classic. (C: 0-1-2)

FVZA: FEDERAL VAMPIRE AND ZOMBIE AGENCY TP

Radical Comics

Based on the historical-fiction website, FVZA.org, the *Federal Vampire and Zombie Agency* takes readers into an alternate world infested with zombies and vampires which pose a constant threat to the human race. In our modern time, the fear of zombie and vampire infection is almost entirely gone since the human race, thanks to the FVZA government agency, has managed to drive the infected into extinction. The FVZA organization is long since defunct and the public is secure in the belief that these infections are nothing but tales of history, but members of the infected still exist, setting in motion a plan to rise again. Without a force like FVZA to stop the infection once again, the human race may not stand a chance.

Sure we've all seen stories about vampires and zombies but when was the last time you saw a story about both vampires and zombies at the same time? Most of these sci-fi tales seem dangerous enough as the human race struggles to survive but now it's twice the danger and, of course, twice the blood shed. *FVZA* is yet another imaginative tale from Radical's modus operandi to bring original, outside-the-box stories to the comic medium.

CRITICAL MILLENNIUM #1

Archaia Entertainment

When was the last time you read a comic book that hooked you from the very first page?

I can't remember the last time that happened for me. Quite frankly, I'm not sure that it's ever happened before. But I just read *Critical Millennium #1* from Archaia Entertainment and I can assure you, it happens.

All it takes is four panels – just four panels! Four panels of terse narration and gorgeous painted artwork. In the first panel, we are introduced to the crew of the BSDV-1 Black Rabbit, humanity's first faster-than-light spacecraft, and their hopeful mission to explore the farthest regions of space. And by panel four, we see that hope dashed to pieces, overtaken by despair after their terrifying forays into extraterrestrial contact. The captain's log narration immediately draws you in, leaving you wondering what happened to this crew to tear them apart — and what new horror will Captain Coney face next?

Brought to life by the perfect pairing of writer Andrew E. C. Gaska and artist Daniel Dussault, *Critical Millennium* exemplifies the very best science fiction and – through its first page and the thirty-nine that follow – the very best storytelling that comics have to offer.

LACKADAISY VOLUME 1

4th Dimension Entertainment

No matter how many good stories you've read or how many awesome flagship titles you've seen, there's still something exhilarating about opening a submission envelope and finding a book of this caliber inside. *Lackadaisy* is solid through and through — consistently well drawn, well paced, well written and (amid the gunfire) hilariously funny. And we haven't even started on the cats yet.

Yup, this book is about a prohibition-era speakeasy run by cats. Don't make the mistake of expecting it to be cutesy, though; *Lackadaisy* turns out enough booze, mobsters, and subterfuge to do its setting proud. Tracy Butler's anthropomorphic felines are gloriously expressive, oozing with the personality of traditional animation. The fact that they're dressed to the nines in 1920s period garb and wielding tommy guns just sweetens the pot.

Ultimately, *Lackadaisy* has a lot going for it, and while readers may pick up volume one because the premise is wacky or the art looks neat, they'll recommend it to friends because it's richly entertaining. This is the sort of rollicking fun that makes you glad there's more to come.

THE SIMON AND KIRBY SUPERHEROES HC

Titan Books

When you think of the top 10 super-heroes ever created, Captain America surely has to rank in the top 10, if not in the top 5. When you think of super-hero creators, Captain America's creators Joe Simon and Jack Kirby must rank in that top 5 as well.

The Simon and Kirby Superheroes from Titan Books focuses on their creation of superheroes beyond those this legendary team created for Timely and DC Comics. This time we are introduced to their creation of Fighting American, The Fly, Lancelot Strong, and The Stuntman. What I'm really excited about is the inclusion of never-before-published stories of Fighting American and Stuntman, as well as a reprinting of Captain 3-D in full color for the first time.

With an introduction by Neil Gaiman, this authorized collection of the work of the top creative team of the Golden Age of Comics is a must have for anyone interested in super-heroes — and even those who resist the capes and cowl adventures.

FVZA: FEDERAL VAMPIRE AND ZOMBIE AGENCY TP

RADICAL COMICS

Based on the historical-fiction website, FVZA.org, the *Federal Vampire and Zombie Agency* takes readers into an alternate world infested with zombies and vampires which pose a constant threat to the human race. In our modern time, the fear of zombie and vampire infection is almost entirely gone since the human race, thanks to the FVZA government agency, has managed to drive the infected into extinction. The FVZA organization is long since defunct and the public is secure in the belief that these infections are nothing but tales of history, but members of the infected still exist, setting in motion a plan to rise again. Without a force like FVZA to stop the infection once again, the human race may not stand a chance.

Sure we've all seen stories about vampires and zombies but when was the last time you saw a story about both vampires and zombies at the same time? Most of these sci-fi tales seem dangerous enough as the human race struggles to survive but now it's twice the danger and, of course, twice the blood shed. *FVZA* is yet another imaginative tale from Radical's modus operandi to bring original, outside-the-box stories to the comic medium.

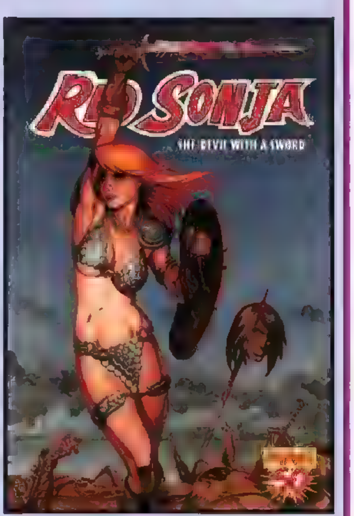
RED SONJA & STARGATE: DANIEL JACKSON

Dynamite Entertainment

It's sci-fi / fantasy month here at *PREVIEWS* as we celebrate two of my favorite comic book genres. For me the fascination began with movies and TV shows like *Star Wars*, *Battlestar Galactica*, *Conan the Barbarian*, and *Planet of the Apes*. From there it was no stretch to start enjoying comics based on those properties or similar concepts. Needless to say, when I found out we were focusing on the sci-fi and fantasy classics this month, there were literally hundreds of titles I thought about discussing. When it came right down to it I really couldn't decide one over the other so I just did two of the ones I'm most looking forward to this month.



RED SONJA
THE DEVIL WITH A SWORD

I've been reading *Red Sonja* since Roy Thomas penned the first Marvel issue in the 70s. Dynamite's incarnation of Sonja has been true in spirit to those fantastic tales of yesteryear. This month the core Sonja title reaches the milestone of 50 consecutive issues and what better way is there to celebrate than by producing an oversized annual issue with big names like Joe Linsner, Art Adams, Mel Rubi, and Joe Jusko? Throw in a classic remastered reprint of that first Marvel issue from long ago and I think you'll agree that Red Sonja is looking pretty fine at 50.

Stargate: SG-1 was one of the best sci-fi shows on television for over a decade and had the most entertaining cast of any ensemble show. As a reader I am looking forward to the Dynamite Stargate comic books to continue the legacy of a series I wasn't ready to let go. This month the *Stargate: Daniel Jackson* series focuses on one of the original cast in this next chapter of the legendary crew's adventures. I'm looking forward to this series and to seeing future books focused on Teal'c, Samantha Carter, and of course, Jack O'Neill. Reserve your copies of these two books today and enjoy the best sci-fi and fantasy month has to offer.

(W) Jim Amash, Eric Nolen-Weathington (A) Carmine Infantino

As a penciler and cover artist, Carmine Infantino was a major force in defining the Silver Age of comics, co-creating the modern Flash and resuscitating Batman. As art director and publisher, he steered DC Comics through the late 1960s and 1970s. *Carmine Infantino: Penciler, Publisher, Provocateur* shines a light on the artist's life, career, and contemporaries, and uncovers details about the comics industry never made public until now. CRITICAL
MILLENNIUM
THE DARK FRONTIER

CRITICAL MILLENNIUM #1

Archaia Entertainment

When was the last time you read a comic book that hooked you from the very first page?

I can't remember the last time that happened for me. Quite frankly, I'm not sure that it's ever happened before. But I just read *Critical Millennium #1* from Archaia Entertainment and I can assure you, it happens.

All it takes is four panels – just four panels! Four panels of terse narration and gorgeous painted artwork. In the first panel, we are introduced to the crew of the BSDV-1 Black Rabbit, humanity's first faster-than-light spacecraft, and their hopeful mission to explore the farthest regions of space. And by panel four, we see that hope dashed to pieces, overtaken by despair after their terrifying forays into extraterrestrial contact. The captain's log narration immediately draws you in, leaving you wondering what happened to this crew to tear them apart — and what new horror will Captain Coney face next?

Brought to life by the perfect pairing of writer Andrew E. C. Gaska and artist Daniel Dussault, *Critical Millennium* exemplifies the very best science fiction and – through its first page and the thirty-nine that follow – the very best storytelling that comics have to offer.

THE SIMON AND KIRBY SUPERHEROES HC

Titan Books

When you think of the top 10 super-heroes ever created, Captain America surely has to rank in the top 10, if not in the top 5. When you think of super-hero creators, Captain America's creators Joe Simon and Jack Kirby must rank in that top 5 as well.

The Simon and Kirby Superheroes from Titan Books focuses on their creation of superheroes beyond those this legendary team created for Timely and DC Comics. This time we are introduced to their creation of Fighting American, The Fly, Lancelot Strong, and The Stuntman. What I'm really excited about is the inclusion of never-before-published stories of Fighting American and Stuntman, as well as a reprinting of Captain 3-D in full color for the first time.

With an introduction by Neil Gaiman, this authorized collection of the work of the top creative team of the Golden Age of Comics is a must have for anyone interested in super-heroes — and even those who resist the capes and cowl adventures.

LACKADAISY VOLUME 1

4th Dimension Entertainment

No matter how many good stories you've read or how many awesome flagship titles you've seen, there's still something exhilarating about opening a submission envelope and finding a book of this caliber inside. *Lackadaisy* is solid through and through — consistently well drawn, well paced, well written and (amid the gunfire) hilariously funny. And we haven't even started on the cats yet.

Yup, this book is about a prohibition-era speakeasy run by cats. Don't make the mistake of expecting it to be cutesy, though; *Lackadaisy* turns out enough booze, mobsters, and subterfuge to do its setting proud. Tracy Butler's anthropomorphic felines are gloriously expressive, oozing with the personality of traditional animation. The fact that they're dressed to the nines in 1920s period garb and wielding tommy guns just sweetens the pot.

Ultimately, *Lackadaisy* has a lot going for it, and while readers may pick up volume one because the premise is wacky or the art looks neat, they'll recommend it to friends because it's richly entertaining. This is the sort of rollicking fun that makes you glad there's more to come.

IS DISS A SYSTEM?: A MILT GROSS COMIC READER HC

(W) Ari Y. Kelman (A) Milt Gross

Milt Gross, a Bronx-born cartoonist and animator, wrote comics and newspaper columns in the unmistakable accent of Jewish immigrants, becoming one of the most famous humorists in the United States by the end of the 1920s. Gross adapted the sounds of ethnic humor to develop a sensibility that grew from a knowledge of immigrant life. *Is Diss a System?* presents some of the most outstanding and hilarious examples of Jewish dialect humor drawn from the books Gross published between 1926 and 1928, providing a fresh opportunity to read and laugh at this nearly forgotten forefather of American Jewish humor. TIMELESS ADVENTURES: HOW DOCTOR WHO CONQUERED TV SC

(W) Brian J. Robb

Brian J. Robb, writer for *Doctor Who Magazine* and editor of *Torchwood Magazine*, tackles each decade of *Doctor Who* through a unique political, pop cultural, and historical viewpoint, exploring the links between contemporary Britain and the stories the series told, as well as how such links kept the show popular. Chapters range from discussions on the cultural and political relevance of the monsters of the 1960s to the late 1980s cancellation of the show and the ways in which a narrowly focused, dedicated fandom contributed to the show's demise. This history also analyzes the new series to reveal what has made it so popular and how it reflects real world issues. Universal Monsters Select: The Mummy action figure

A Diamond Select Release! The first-ever extension to DST's award-winning "Select" line! And what better way to expand this specialty market exclusive line than with the iconic Universal Monsters?! This soon-to-be-annual line debuted last month with the legendary *Creature from the Black Lagoon*! What monster could possibly join such legendary company? DST dug deep into the sands of antiquity and discovered Imhotep himself, The Mummy! Sculpted by legendary monster sculptor, Jean St Jean, with the added artistry of Select regular Rudy Garcia (who, like a craftsman of old sculpted the Mummy's detailed sarcophagus accessory), this is a dusty terror from a bygone era! The fans have already spoken, hailing this line as the most detailed and accurate depiction of the classic Universal Monsters ever, and this 7" depiction of the infamous Mummy is proof-positive of DST's dedication to bringing these iconic monsters to collectors. The Select version includes an exclusive paint scheme as well as the detailed accessory not available to the mass market!

HULK

MARVEL COMICS PRESENTS THE KOTOBUKIYA COLLECTION: FALL OF THE HULK FINE ART STATUE

***A KOTOBUKIYA** Japanese Import!*

The **HULK** has been a staple superhero of the Marvel Comics universe for years, battling foes across the universe in epic storylines. Mild-mannered scientist Dr. Bruce Banner was experimenting on highly volatile gamma radiation when an explosion bathed him with that green energy, transforming him into the enormous aggressive powerhouse known as the Hulk. At times a hero and at others a grave threat to all of humanity, Banner's alter ego faces his greatest enemy in the mysterious Red Hulk as part of the Fall of the Hulk storyline. Joining that massive crimson-hued monster in the Fine Art Statue line, the Hulk is also based on the dynamic art of Ed McGuinness.

Sculpted by master artist Erick Sosa of Kotobukiya's "Kreative 3" Team, the Hulk is nearly 13 inches tall (1/6th scale) even in his forward-leaping pose. Best of all, the Hulk's rocky base connects to the Red Hulk's to form a dynamic battle scene, letting you recreate the Fall of the Hulk in what's sure to become the centerpiece of your collection!

SERENITY RPG HC

Here's How It Is. The Earth got used up, and we found a new solar system and used terraforming technology to create hundreds of new Earths. The central planets formed the Alliance and decided that all worlds should unite under their rule. There was some disagreement on that point. After the Unification War, many of the Independents who had fought and lost drifted to the edges of the system, far from Alliance control. Out here, people struggled to get by with the most basic technologies. A ship would bring you work, a gun would help you keep it. A captain's goal was simple: find a crew, find a job, keep flying. The *Serenity Roleplaying Game* re-creates the action, drama, and humor of the science-fiction universe from the upcoming film by Academy and Emmy Award-nominated writer/director/creator of *Buffy: The Vampire Slayer*, Joss Whedon. SCI-FI FANTASY

COMICS FROM ANOTHER WORLD:

POPULAR FICTION AUTHORS ARE DRAWN TO COMICS

Good fiction explores and imagines new worlds and ideas, so it's not surprising that some of the most creative voices in modern fiction are crossing over into a new, more dynamic world: the world of comic books and graphic novels.

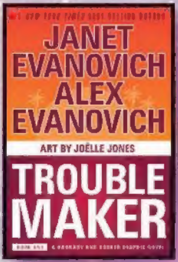
Graphic novels have been gaining ground in the literary world for some time, reaching new audiences and reaffirming the endless potential inherent in the comic book medium. But last year seemed like a watershed. *The New York Times* Books section added a Graphic Books Bestseller list to showcase weekly top-selling graphic novels in March. And this year, the West Coast literati at *The Los Angeles Times* announced a brand new graphic novels category for the 2010 LA Times Book Prize, the first major mainstream literary award to do so.

As the literary book community continues to welcome graphic novels, so too are mainstream fiction authors embracing the challenge. As a result, bestselling writers are discovering new dimensions in terms of storytelling possibilities, and gaining new readers both for their work, their characters and for the comic book medium in general.



New York Times bestselling author Janet Evanovich has gained a huge following for her **Stephanie Plum** bounty hunter series (***Finger-Lickin' Fifteen***) and **Alex Barnaby** series (***Metro Girl***). Fans of ***Metro Girl*** won't want to miss Alex Barnaby's graphic novel debut in Dark Horse's ***Troublemaker*** coming in April, co-authored by Janet Evanovich and daughter Alex Evanovich with stunning artwork by Joëlle Jones (*Dr. Horrible*). Auto-mechanic Barnaby and NASCAR racer Sam Hooker reunite to fight crime and spread chaos in this action-packed, full-throttle thriller, available in comic shops July 2010.

STEPHEN KING
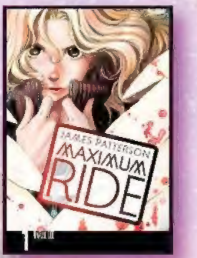
DARK TOWER
THE GUNSLINGER BORN

Horror Master Stephen King is no stranger to comic books, as evidenced by Marvel's widely successful ongoing series based on his hits ***The Dark Tower*** and ***The Stand***; as well as a new original project from DC Comics/Vertigo: ***American Vampire***. Together with writer Scott Snyder and artist Rafael Albuquerque, ***Stephen King's American Vampire*** coming this spring adds a new twist to vampire lore, set in distinct periods of American history from the Wild West to Jazz Age Hollywood. Beginning with Skinner Sweet, a vampire cowboy with rattlesnake fangs, ***American Vampire*** traces the origins of a brand new vampire mythology.



Prolific bestselling author James Patterson has created hits for both young adults and adults, and the comics world has taken notice — or more like he's taken notice of the comics world. A manga adaptation of young adult action thriller ***Maximum Ride*** is already serialized by Yen Press, and the news broke recently that Patterson has entered into a strategic partnership with IDW Publishing to publish both adaptations of the writer's popular series and brand new original stories. Currently in the works are a series based on the Young Adult novel ***Witch and Wizard*** and an adaptation of nonfiction thriller, ***The Murder of King Tut***, as well as a brand new original story: ***Beer Belly and the Fat Boy***.

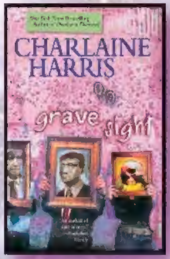
JANE YOLEN
FOILED
MIKE CAVALLARO

Jane Yolen, the award-winning fiction and fantasy writer who has been called "the Hans Christian Andersen of America," takes her talent to graphic novels with all-new original works for young adults. First Second's ***Foiled***, due for release in May, is a smart urban fantasy about a teen girl who is a champion fencer but struggles with her social life, until she gets pulled into fantastic situations and has to be a hero. Due out later in 2010, Yolen has also created a graphic novel for Dark Horse called ***The Last Dragon***. With artwork by fantasy artist Rebecca Guay, ***The Last Dragon*** will feature magic, dragon-fighting adventure and heroic deeds.



Charlaine Harris is the genre-breaking creator of the **Sookie Stackhouse** southern vampire series that inspired the hit HBO television series, *True Blood*. Harris is also the writer behind the mystery suspense series featuring **Harper Connelly**, a woman with a supernatural ability to locate dead people and share their last moments. Harper Connelly will reach an even wider audience in 2010, when Dynamite Entertainment releases the comic book adaptation of ***Grave Sight***, the first book in this hit series. And of course, a ***True Blood*** comic remains in the offing, coming soon to a comic shop near you!

STEPHENIE MEYER

For those who just can't get enough vampires, Stephenie Meyer's popular ***Twilight*** series has entered the realm of graphic novels as well. The doomed romance between high school girl Bella and vampire Edward, already a bestselling novel and blockbuster movie, takes on new life in Yen Press's two-part manga adaptation. Rigorously reviewed by Stephenie Meyer herself and featuring artwork by Young Kim, the two-volume ***Twilight*** manga is sure to have fans swooning and eager for more.

Comics' unique language of words and pictures presents a creative challenge to authors, one that rewards their readers with a whole new way to experience a story. For comics fans — and fans of bestselling authors — it's a fantastic time with so many well-regarded writers taking on the challenge and taking up writer's residence in the comics universe.
